

Use Autocars Five Years

"We liked our first Autocar so well that we have bought another and have been able to sell one or two on our recommendation, which we do not give lightly." This sums up the experience of the Union Towel and Case Co., of Los Angeles, with the Autocar motor truck.

"We expect to standardize on Autocars," they continue. "The Autocar hauls a light load as cheaply as a car built for light work, but has the advantage of being able to do heavy work. Our first car is starting on its fifth year."

Motor trucks are doing more work today than ever before—find out about the Autocar in your line of business. Autocar Sales & Service Co. of Cal., 1801 So. Main Street, Los Angeles.

I am Sincere! Stop Calomel! Guarantee Dodson's Liver Tone

Listen to me! Calomel sickens and you may lose a day's work. If bilious, constipated or headachy read my guarantee.

Live up your sluggish liver! Feel fine and cheerful; make your work a pleasure; be vigorous and full of ambition. But take no nasty, dangerous, new calomel, because it makes you sick and you may lose a day's work. Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel crumbles into your bile like dynamite, breaking it up. That's why you feel that awful nausea and vomiting. Listen to me! If you want to enjoy the sweetest, gentlest liver and bowel cleansing you ever experienced, just take a spoonful of harmless Dodson's Liver Tone tonight. Your druggist or dealer sells you a bottle of Dodson's Liver Tone for a few cents.

WE CURE

Piles, Fistula

And All Rectal Diseases

Without an Operation

For twenty-five years we have been curing diseases of the rectum and lower bowel. During that time our experience has enabled us to develop a method that is superior to others. We cure without surgery, and our patients are not confined in bed and seldom lose a moment's time from their business.

Our method is not a "home cure" nor a "correspondence treatment," but is an application of skilled treatment administered under the most strict antiseptic conditions in our office.

Dr. White and Wainwright:
But one day as a real friend of your treatment of Hemorrhoids, I suffered for twenty years. I came to a point where I could not do justice to my business as a jeweler. I was almost down and out. Now I am well and feel elastic and contented. I can now do my work with pleasure. I am happy. For all this I give you the credit.
3511 Central Ave., Los Angeles, Cal.

We solicit old, severe and obstinate cases of fistula, prolapse, fissure and ulceration that have heretofore resisted all treatments employed. If you are a sufferer from rectal trouble, we invite you to investigate our method thoroughly by talking or writing to any of our cured patients. If you will call at our office we shall be pleased to give you the names and addresses of many well-known Los Angeles people we have cured, whom you may interview in regard to our treatment.

At The Training Camps

THE ANGELS.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
SAN DIEGO, March 11.—Eager to begin their spring training and undaunted by the frequent showers, members of the Los Angeles squad held their first practice at the stadium this afternoon. The men spent about half an hour tossing the ball to each other and then took a three-mile run over the hills.

Bill Killefer, brother of Manager "Red" Killefer, made the first throw. Grover Cleveland Alexander, the greatest of them all, arrived here today and joined the Angel squad. He will work with the team until the Chicago Cubs arrive from the East. Despite the rain, Bill Killefer was favorably impressed with the camp and said that President Powers made a good selection.

Manager Killefer is out seeking material and was on the trail of Laffy Henion, member of the local firemen's team. Henion was a member of the San Diego High School team last season and is a remarkable youngster. He has batted twice in the first nine innings of the last six months and has good control. Ole Pike, who played in the Western League last season, is believed to be somewhat of a holdout. He will be given an opportunity to work with the squad.

Zeb Terry and Fournier were selected to join the squad this afternoon, but neither put in an appearance. It is expected they will report tomorrow.

Secretary "Boots" Webber announced today that he is still in hopes of hearing from Pitches Crandall, Hall Brown and Kenworthy. These four members are the only holdouts, with the exception of Cooper, who is in Texas, and are believed by the secretary that these men will affix their signatures in a few days and will be with the squad shortly. Secretary Webber said that a word has been heard from Cooper, former Pittsburgh outfielder, and it is a mysterious case.

Should the camp during the night the grounds will be in fairly good condition for practice tomorrow. With a bright sun, the players

would be able to use the main diamond by the afternoon, and the first real hard day's work of the spring season could be indulged. The Angels will play their first game Sunday afternoon when they take the field against the naval training station at Balboa Park.

VERNON.

A typical hot stove league season was held at spring training headquarters of the Vernon club yesterday with Manager Bill Ewbank in the chair of honor. Despite the rain, every available Vernomite listed to the command of the Hon. Ewbank and batted in bright and early for the first official day of their spring training, only to fight for comfortable chairs near the window.

Tex Winterzel should be on deck at Washington Park to take up his duties with the Vernon Tigers this morning, according to a wire received from another Tex himself yesterday. Although Pete Daley has not yet affixed his signature to a contract it is expected that he will do so today. The first real work of the season was done, but after the squad started going this morning McCredie put them through a workout which was somewhat of a holdout. It was reported that there is sickness in his family.

THE OAKS.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
BOYDS SPRINGS, March 11.—With clearing weather today the ball game quickly dried and Del Howard's squad of Oaks was enabled to have a lively afternoon of it.

Speed Martin and Rube Gardner were on hand. Martin is in shape and ready to pitch and Howard's squad of Oaks was enabled to have a lively afternoon of it. Speed Martin and Rube Gardner were on hand. Martin is in shape and ready to pitch and Howard's squad of Oaks was enabled to have a lively afternoon of it.

On the Alleys.

PIN SMASHERS START COAST TITLE TOURNEY.

Wild-eyed and collarless thirty devoted bowlers applied themselves assiduously to the task of opening the Pacific Coast Bowling Association tournament at the Palace Alleys last night before an enthusiastic gallery that taxed the capacity of Alf MacKenzie's ten-pin emporium. The contest crash of lumber upon lumber, the clatter of pins, the roar of the crowd, the mugs of Ote Crandall, Speed Brown and Bill Kenworthy, Presy Johnnie Powers, of the Angels, is of the opinion that these three wanderers will be back on the job before the end of the week. Crandall is an old dependable standby of the chucking department, while Brown fizzled at the beginning of last season, but steadied down to become a valuable hurler when the race tightened up. Bill Kenworthy joined the Angels at second base during their sensational slump last year and injected the necessary pepper into the infield to save the day.

THE ENTRANTS.
Although teams have entered from Portland, Spokane, Seattle, San Francisco, Oakland, Fresno, San Jose, San Diego and the States of Arizona, Utah and Colorado, will be represented as well, most of the element will be furnished by local aggregations until Thursday, when the visiting experts will begin moving down the pins in earnest. Many delegations are stopping over at way points to pitch exhibition bowl in trim for the championships here the latter part of the week. The Portland team last night and being due for a match in Oakland tonight.

A feature of the tournament will be the appearance of several teams from Camp Kearny and the Naval Reserve. It is reported that army officers have commended bowling as a very useful exercise to develop the muscles used in grenade work and the Navy has a claim to have a very kind of hook up their sleeves. THE INAUGURAL.
The inaugural parade planned for yesterday afternoon died a moist and gloomy death due to the weather. Having heard various glowing reports concerning Southern California weather conditions ahead of their rivals, the competitors left the Brunswick Tires, Gene Murphy, Eldorado Lumber Company and Eldorado

COFFROTH GLEANS
SOME INFORMATION.
FINDS GETTING VERNON CLUB INTO SAN DIEGO ISN'T ANYTHING EASY.
(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
SAN FRANCISCO BUREAU OF THE TIMES, March 11.—Jimmy Coffroth had another conference with President Baum of the Coast League today. Jimmy is all worked up about putting the Vernon club in San Diego. He had an idea that all he had to do was to speak to Baum about it, and the president of the league would wrap the franchise up in a neat package and deliver it with the second load of lumber.

But Baum adjusted his eyes, glasses and told the former first baseman that there are a lot of hurdles to make before a team can be transferred in this league. Baum has no more to do with it than Secretary Dan Darnoldy of the Vernon club in a frame of mind to sell. After that, Coffroth got counsel from four of the directors of the league to transfer the franchise.

Coffroth absorbed all this "information" and he is now going to Los Angeles to talk to Darnoldy and start his deal right. He was doing it backwards before the newspaper men and all the wise fans knew. There isn't much chance of San Diego getting into the Coast League this year, but if Coffroth wants to talk about it there isn't anybody going to stop him, but that doesn't mean that newspapers are going to talk much about it until there is really something to talk about.

REAPPOINTS OLD
UMPIRES FOR 1918.
(BY A. P. NIGHT WIRE.)
CHICAGO, March 11.—The 1918 staff of umpires in the American League will be the same as last season, President Johnson announced today. Thomas Connolly, who has been an umpire for twenty-five years, will be presented with a gold cross at the start of the season as a reward for his services.

The league, including Connolly, follows: William G. Evans of Cleveland; "Silk" O'Loughlin, Rochester, N. Y.; Clarence Owens, Kansas City; Hugo Franz, San Francisco; Geo. Moriarty, Woodstock, Ill.; Richard Nallin, Youngstown, O.; and William Dinneen, Syracuse, N. Y.

FOUR KNOCKOUTS
IN FOUR WEEKS.
(BY A. P. NIGHT WIRE.)
PHILADELPHIA (Pa.) March 11.—Jack Thompson, the negro heavyweight of Missouri, knocked out Cleve Hawkins of California in the third round of what was to have been a six-round fight. It was Thompson's fourth knockout in the last four weeks.

MORAN TO QUIT FOR
DURATION OF WAR.
(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
ATLANTA (Ga.) March 11.—Frank Moran will intern his Mary Ann for the duration of the war. The Pittsburgh leader refused today a ten-round bout with Jack Dempsey for Atlanta, on March 25, stating that his duties as boxing instructor at Camp Wadsworth were too heavy to permit it.

"To fight at top speed a man must be mentally fit as well as physically," Moran said shortly after his defeat by Fulton. "I attribute my knockout by Fulton, the worries of looking after the thousand problems of an instructor."

BILLIARD PLAY.
An unusually large crowd attended the opening game tonight of the class A handicap pocket billiard tournament now in progress at the Nels & Bird billiard parlors, No. 419 1/2 S. Spring street. The initial games being played by Young (110), Clark (90). The final score was Young, 110; Clark, 66. Tonight's game will be played by Young (110), Russell (80). The public is cordially invited. Admission free.

THE BEES.
(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
FORTYVILLE, March 11.—Buddy Ryan, from the wilds of Colorado, Sullivan from Pennsylvania and Larry Chappella, the \$15,000 wonder, also from the East, arrived this afternoon to gladden the heart of McCredie, completing the outfield roster, and leaving only Crandall, Dubuc and Konick as the three regulars yet to be heard from. Today the first real work of the season was done, but after the squad started going this morning McCredie put them through a workout which was somewhat of a holdout. It was reported that there is sickness in his family.

THE SENATORS.
(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
SACRAMENTO, March 11.—Buttalo Park, Sacramento's baseball playground for the Coast Leaguers was a sea of mud, water and impossibilities this afternoon, when Type writer Bill's men trotted forth with the game to all-Navy team. The game was postponed on account of rain yesterday, will be played Wednesday.

can learn the value of the recruits. Perry, Allen and Gardner are all after the first bag job. Christensen, Menor, Croll and Clayton are striving for second and short. At present Arlett is resting secure at third. Leabrou and Smale are putting up a game scrap for the extra outfield berth.

The sailor team, with Duffy Lewis at their head, will invade these parts for a two-day battle, Saturday and Sunday. Sammy Bear has notified Oakland management that he will not play ball this year but will continue in his newspaper job.

THE SEALS.
(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
PESNO, March 11.—Roy Payne, skyplumber of the Raisin City, managed to plug up the big leak in the blue dome long enough this morning to allow Capt. Jerry Downs to put his Seals through some hard work this morning, and unlike their charley horses by infield practice, bunting and base running. The big event of the otherwise orderly day was the arrival of Outfielder John Hummel of Brooklyn, erstwhile big leaguer. He was out for practice this morning.

Cap. Cook of the Submarine Base crack ball team, passed through Fresno last night and Roy Payne signed him up for a game with the Seals here on Monday, March 25. Howard Emka, the big Detroit pitcher, who heaves for a chance to battle in the big league, and the game with the Seals here will follow the Saturday and Sunday games with the Seals.

Payne received a telegram late last night from Charlie Comiskey, in which he said nothing would give him greater pleasure than to allow big Swede Risberg to stay over here for the two games with the Seals, which he said nothing would give him greater pleasure than to allow big Swede Risberg to stay over here for the two games with the Seals.

ST. PATRICK ALWAYS
LUCKY FOR OLDFIELD.
The \$2900 that will go to the winner of the George Washington sweepstakes, at Ascot next Sunday, has been practically awarded, according to B. Oldfield, the racing scribbler.

Just as soon as he realized that the race had been postponed from last Sunday to St. Patrick's Day, the eminent Mr. Oldfield dug down in the dope book to figure out his luck. The first thing he saw was the result of a March 17 race at Venice, wherein the name of Oldfield was closely connected with that of the winner.

That was the race Barney was particularly pleased to win. His father had just come here from the East and it was the first time he had ever seen his noted son in action. So when the checkered flag waved in his face, just eight seconds ahead of his closest competitor, "Young" Oldfield felt that luck was with him.

So with one eye on the horse, however, in this self-same race, Eddie was galloping along in front to what looked like sure victory. He had already received the green flag, denoting the last lap. The crowd was all ready to cheer him as a winner, when a gasoline line broke and Hearne was left high and dry half way around the course. So St. Patrick's Day means a little less than nothing to his sweetest young.

Jaques LeCocq, who is rated as one of the "big leaguers" among the French motor pilots, took advantage of a chance to battle in the 1500 event and entered yesterday for the George Washington sweepstakes and the Blinking Ben dash. The important demon is planning on a surprise for the rest of the boys and will not announce the name of his car for a couple of days. The mystery wagon is said to be really fast, and if LeCocq lives up to what the official interpreter says are stories in French papers about his driving the domestic talent is in for some tough work.

Eddie Pullen left last night on a business trip to Oakland, and will get back Friday night. He is expected to couple of days' final practice. The "come-back" kid is full of confidence, and his big following is keeping him right. Tommy Milton took advantage of the rainy weather and has installed a night-and-day working schedule on his Duesenberg. When ready for the track the "Deucey" will be better than ever.

MATHEWSON'S REDS START FOR CAMP.

(BY A. P. NIGHT WIRE.)
CINCINNATI, March 11.—Manager "Christy" Mathewson and eleven members of the Cincinnati Nationals left tonight for Camp Sherman and their spring training camp just outside of Montgomery, Ala. The athletes in the party were Pitchers Elicker, Regan, Jacobus and Greaser, Infielders Chase, Groh and Magee and Outfielders Griffith, Anderson, Neale and McHenry. The players will be joined at Montgomery by other members of the Cincinnati team.

FAREWELL BATTLE STAGED TONIGHT.

The crack L.A.A.C. basketball five will play its farewell game of the season in the Mercury gymnasium this evening with the Y.M.C.A. squad on the opposing end of the court. Both aggregations have been out in fine form and left this season, and one of the snappiest casa-pursuing ments of local history should be put on the platform. The game will commence promptly at 8 o'clock and will be followed by an informal dance on the gym floor.

DOG SHOW WILL OPEN ON THURSDAY.

Secretary Halstead and the board of directors of the Los Angeles Kennel Club are busy preparing for the opening next Thursday of the second annual show of their organization. The barkome festivities will take place at 231 South Broadway, and record list of entries is reported.

EVERETT ELECTED ARTISAN CHIEF.

"Dutch" Everett was elected unanimously as the captain of the Manual Arts High baseball team at their meeting yesterday afternoon. Everett is a fast second baseman and the coaches say that he will make a fast captain.

BILLIARD PLAY.
An unusually large crowd attended the opening game tonight of the class A handicap pocket billiard tournament now in progress at the Nels & Bird billiard parlors, No. 419 1/2 S. Spring street. The initial games being played by Young (110), Clark (90). The final score was Young, 110; Clark, 66. Tonight's game will be played by Young (110), Russell (80). The public is cordially invited. BROWN-DUNDIE FIGHT TONIGHT

Something Good Expected
Vernon Ring
Encore is Likely to
Record Crowd

Jordan and Tracy will
up for Battle

Young Brown and Vernon Dundie tonight in an event of the last week's wrangle and the raindrops that have been promised in as copious showers as the raindrops these past few days. Young Brown has no doubt and Dundie has no doubt, therefore, something new is expected to fall. Brown has a clean and Dundie the opposite.

Dundie is a quick brawler who is aggressive and fast. He hasn't shown a weaker side since he was an underdog in the ring. Brown has a good and all the willingness in the world. He keeps changing all the time and his ninth-inning brings him the decision.

WORTH A LOOK.
The match between Cliff and Joe Tracy should be worth a look. Tracy, in return, made a great showing against the Seals, with a couple of home runs and should give Jordan a run. He is fairly clever, a hard hitter in much shape, a fast runner, a good and a good leaguer. He should put up a neat battle.

Tommy Richards and Bill Kenworthy will mingle in the second round in the fond hope of getting a win at George Adams. Both have featherweights and both are fairly clever. They have a weight advantage over each other, making things interesting and should be worth a look.

FIRST APPEARANCE.
Cliff Thomas and Harry who provided the best of the night's finish last week, will again tonight. Cliff was in Shields so badly that he had to look around and see if he was enough to hang a home run. Thomas' chin that got him out of his back.

The remainder of the event will be made up of local talent. Ted Tatus and Fred Adams will appear in the first round. Appearance of a person at the side who has just learned that he is holding fights at Vernon Tuesday night.

BATCH OF GIANTS
STARTS FOR SO.
(BY A. P. NIGHT WIRE.)
NEW YORK, March 11.—The batch of the New York Giants' players who are expected to start for the South today. Manager McGraw, who is detained on personal business, will leave for the South today. A local draft board for the South tonight will leave for the South tonight.

BENEFIT GAME WILL
BE SPEEDY COME.
An announcement from the E. Cooley, head of athletic of the Port Division at Camp Sherman, indicated that the first of the series of benefit games will be played on the Coast to San Francisco next Saturday afternoon. The game will be played at the Port Division at Camp Sherman, indicated that the first of the series of benefit games will be played on the Coast to San Francisco next Saturday afternoon.

Bill Hall, the elongated pitcher from Pueblo, has been in the training quarters at Monterey today. Manager McGraw, who is detained on personal business, will leave for the South today. A local draft board for the South tonight will leave for the South tonight.

GRAND JURY LOOKING INTO POLICE MATTERS.

RECEIVING HOSPITAL SURGEON AND A FORMER MAYOR AMONG WITNESSES.

The county grand jury yesterday began an inquiry into alleged irregularities in the police department. Among the witnesses called were Chief Police Surgeon John P. Gilmer of the Receiving Hospital, former Mayor Charles E. Sebastian, William Matuskewitz, desk sergeant and acting lieutenant in charge of bookings and bail, and Hiram Wambold, secretary to Chief of Police Butler. Maria Edwards recently testified on the stand that State Senator Henry H. Lyon, for whose death she is awaiting her second trial, succeeded in many times in effecting a release of bail money put up after her arrest on charges of conducting a disorderly house.

Charges of perjury recently lodged against a former police official were also gone into by the county inquisitorial body, but no definite action was taken at yesterday's meeting. It is understood that these charges embrace two separate questions and are being handled separately.

Charges of perjury recently lodged against a former police official were also gone into by the county inquisitorial body, but no definite action was taken at yesterday's meeting. It is understood that these charges embrace two separate questions and are being handled separately.

WARTIME RECIPE FOR GRAY HAIR

Actress Gives Simple Inexpensive Recipe for Streaked or Faded Gray Hair.

Mrs. Mackie, the well-known New York actress, now a grandmother, and whose hair is still dark, recently made the following statement: "Gray streaked or faded hair can be immediately turned black, brown or light brown, whichever shade you desire, by the use of the following simple remedy that you can make at home: 'Merely get a small box of Orifex powder at any drug store. It costs only 25 cents and no extra to buy. Dissolve it in one ounce of water and comb it through the hair. Pure directions for use come in each box. You need not hesitate to use Orifex, as a \$100.00 gold comb in each box guaranteeing the user that Orifex powder does not contain silver, lead, zinc, sulphur, mercury, or any other coal-tar products or their derivatives."

"It does not rub off, is not sticky or greasy, and leaves the hair fluffy. It will make a gray haired person look many years younger."

TAYLOR ESTATE.
Six lots in the Oak Knoll Villa tract, which the late property owner, seven shares of stock of the Silver-Smith Company, and other stock, comprising the Taylor estate, valued at \$27,667.45. The petition for letters of administration was filed yesterday by Frank Taylor of Santa Monica, and H. J. Engelbrecht. The heirs include Gladys Taylor Macomber of Des Moines.

SKIN health is based on absolute cleanliness and properly nourished tissues. As a cleanser, THE OWL THEATRICAL COLD CREAM is better than soap or water. As a tissue builder it is unsurpassed.

OPPOSE SUNDAY CLOSING
Vigorous Protest Made to Council by Churches Holding Services on Saturday.

A vigorous protest was made yesterday against a Sunday-closing law, which the Public Welfare Committee of the Council has given some consideration. It was filed by a number of church organizations, being signed by representatives of the Seventh Day Adventist Church, Christian Sabbath Keepers' Union, Seventh Day Baptist Church, the Bible Forum of Los Angeles and the Western League for the Preservation of Civil Liberty.

The protesters said the argument that Sunday-closing would be advantageous to labor is groundless and its effect would be to embarrass those who entertain conscientious scruples adverse to Sunday observance.

The protest was turned over to the Public Welfare Committee.

INCORPORATIONS.
The Hoover Delicatessen Company, incorporated, A. O. Fredericks, Mary McKee, Herman Pahl and Rosa M. Fredericks, total stock, \$31,000; subscribed, \$40.

THE OWL THEATRICAL COLD CREAM

TELEPHONE CALLS MRS. HOWE A "WOMAN SCORPED."

How She Killed Brooks Because He Refused Her Love—Defendant's Own Amazing Story.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

Mrs. Orlan B. Howe, defendant in the murder of William Brooks, told her own story of the crime today in the Los Angeles Superior Court.

Mrs. Howe, 31 years old, a native of California, was brought to the court by her attorney, Harry B. McClure, chief of counsel for the defense, in outlining the case for his client, related to the jury.

Mrs. Howe's story was a remarkable one, and she told it with a calmness and composure that surprised the jury.

She began by telling of her first meeting with Brooks, a man who had been a prominent figure in the Los Angeles underworld.

She said that Brooks had been in the habit of visiting her at her home, and that she had become attracted to him.

She then told of the day when Brooks had refused her love, and that she had become determined to kill him.

She said that she had waited for an opportunity to do so, and that she had finally succeeded in her plan.

She then told of the day when she had shot Brooks, and of the flight that followed.

She ended her story by saying that she was now ready to face the consequences of her crime.

"Big Day" in Trial of Los Angeles Lodge Man's Slayer.

This same story briefly, concluded with the declaration that Mrs. Howe, driven to the point of insanity by these slanderous stories which followed her over the country, went to a Porterville hardware store to purchase a revolver with which to take her own life. Then, she declared, as she walked past the Pioneer Hotel, where Mr. Brooks sat talking with business men, showing every evidence of a secure social standing on his own account, apparently prosperous and contented, she lost control of herself. The crime followed, he declared, as an irresistible impulse of a mind unbalanced by the effect of continuous persecution of the most hateful kind.

MRS. HOWE'S STORY.

Mrs. Howe, apparently in the most robust physical condition since the trial started, was the first witness called. She took the oath with great composure and after a few brief preparatory questions by her attorneys, she began her story.

(Continued on Second Page.)

RIVER CLIMBS TO NEW MARK.

Rises Eighteen Inches in Twenty-four Hours.

Gas Lines Broken and Roads are Washed Out.

Beachward Lowlands Covered by Flood Water.

Registering a depth of 13.95 feet by the Weather Bureau's gauge on the Seventh-street bridge at 8 o'clock yesterday morning, the Los Angeles River reached its highest point of the year by rising eighteen inches during the twenty-four hours just prior to that time.

The stream carried considerable debris and the current appeared to have unusual force, an indication may be seen in the photographs of the Weather Bureau officials, that the run-off in the hills is feeding water in through the river's tributaries at a rapid rate. An increase in height is expected.

At the Weather Bureau last night, Dr. Ford Carpenter, the meteorologist in charge, forecast intermittent showers for Southern California during the next twenty-four hours. He said the storm has already brought two inches of precipitation to Los Angeles county, and that the showers have been general in Southern California, except at San Diego, where the rainfall was light yesterday.

Last night the San Gabriel River was still within its banks. It has found two well-defined channels for flood water, but has been cutting its way through the hills in feeding water in through the river's tributaries at a rapid rate. An increase in height is expected.

At the Weather Bureau last night, Dr. Ford Carpenter, the meteorologist in charge, forecast intermittent showers for Southern California during the next twenty-four hours. He said the storm has already brought two inches of precipitation to Los Angeles county, and that the showers have been general in Southern California, except at San Diego, where the rainfall was light yesterday.

MOISTURE DOWN ELEVEN FEET.

Earth Penetrated Much Farther Now than at This Time Last Year.

(DIRECT WIRE—EXCLUSIVE DISPATCH.)

SANTA BARBARA, March 11.—Tests of the depth to which moisture has so far penetrated the earth made at various points over the county show a uniform depth of eleven feet. Last year at this time, though for the season there had been a greater precipitation from the winter storms, the depth to which moisture was found was but six and a half feet, and horticulturists and ranchers declare that, despite the long dry spell farming and orchard conditions are far better now than at this time last season.

REFUSE NEW TRIAL TO LAND OPERATOR.

CONVICTED OF PASSING FUGITIVE OFFICER'S SHADY DEAL.

Federal Judge Bledsoe refused to grant a new trial to Frank E. Lynch, convicted of personating a Federal officer in the sale of public lands, and of other offenses.

The case was heard yesterday in the Los Angeles Superior Court.

Judge Bledsoe said that the evidence against Lynch was sufficient to sustain the verdict.

Lynch, who was convicted of passing a forged check for \$10,000, was sentenced to the State Prison for five years.

PIONEER BANKER, OIL OPERATOR SUCCEUMBS.

He Died of a Complication of Diseases Resulting from a Paralytic Stroke.

John J. Fay, Jr., president of the Fullerton Oil Company and widely known in banking and financial circles in Southern California, expired at his home in San Diego yesterday morning.

Mr. Fay, who was 60 years old, had been in poor health for some time.

He was a member of the Fullerton Oil Company, which is one of the largest oil companies in California.

RULE MEXICANS ARE NOT AMENABLE TO THE DRAFT.

NEW COURT YESTERDAY DEFINING THE RIGHTS OF CITIZENS OF MEXICO, AND THEIR AMENABILITY TO THE SELECTIVE SERVICE LAW.

The ruling applies to Mexicans only who desire to offer the \$2 that they are aliens as a reason for exemption from the draft. Hundreds of alien Mexicans have registered and been accepted for service in the army, not desiring to avoid either draft or enlistment.

Whether any other aliens will be allowed to escape military duty by reason of the fact that they are not citizens of the United States, is another question, and the action of the government will depend entirely on circumstances. But at this time it is not deemed wise to do anything likely to antagonize the Mexican government.

GRAPE MEN WILL FIGHT NATIONAL PROHIBITION.

THE GRAPE growers of Southern California met at the plant of the Cucamonga Vineyard Company, at Cucamonga yesterday afternoon and adopted resolutions pledging themselves to oppose by every honorable means the ratification of the Shepard-Bone-Dry National Prohibition amendment at the next session of the Legislature.

Frank Beicher of Pomona, president of the Cucamonga Vineyard Company, and F. A. Lucas of Cucamonga were secretaries. H. F. Stoll, secretary of the California Grape Producers Association, explained the provisions of the Shepard Amendment, discussed the fight for its ratification in the various states, and emphasized the necessity of opposing the attempts of the dry leaders to secure dry legislation in this state.

"I am convinced that the people of California do not want prohibition, but I am equally certain that if we had not put the Rominger bill on the ballot, the dry would have initiated a bone-dry measure and the voters, in disgust, would have adopted it believing that it was the only way to rid the State of the saloons and strong drink," said Mr. Stoll.

"The Rominger bill has already done the grape growers a big service. It prevented the dry from initiating a bone-dry prohibition amendment, because they knew it would be snowed under if it were put against the Rominger bill. I am satisfied that if we had not secured the necessary signatures to put the Rominger bill on the ballot, the brewers and saloonmen would not now be announcing that they intend to put two further measures on the November ballot, one a modified version of the Rominger bill and the other modeled on the lines of the continental garden plan."

Whereas, we do not believe in the confiscation of the 20,000 acres devoted to grape culture in Southern California without just compensation, since our industry has been fostered and encouraged for nearly half a century, by the State and nation, and

Whereas, under the National Food Control Bill, during the war, the President of the United States has full power to control and regulate, or suppress, if it be necessary, the manufacture of beer and wine; and

Whereas, the Rominger bill, abolishing the saloons and strong drink, is assured a place on the ballot in November and we believe will cure the evils of the liquor traffic, if given a fair trial, therefore:

Be it resolved, by the grape growers of Southern California in mass meeting assembled at Cucamonga this 11th day of March, 1918, that we pledge ourselves by every honorable effort to resist this avowed attempt of the prohibitionists in this State to create a Legislature without consideration for any other purpose than to thwart the will of the people of the State and to place this commonwealth, through its Legislature, but not through its people, in the position of ratifying the national prohibition amendment.

cap is the persistence of the Federal administration in the belief that a single ukase can cover the whole country. Even in the community in the southern part of the State is crying for more farm labor. Farmers are prepared to assume the risk of trebling their present acreage if they can get twice the workers to sow—and to reap. Yet the decree against the importation of orientals is kept in force by a Congress and an administration that seem wholly unaware of the situation.

It would be in harmony with the task that has been set before the American people in the great war if there should be cessation of society activities in a large measure. Society leaders could really lead by following such a programme. "Could you not watch with me one hour?" asked the Savior of his sleepy disciples.

But, instead of that, she has stalked and drawn sword into a nest of irritable pacifists and convinced them that they must fight. She has deliberately, and seemingly without forethought, sacrificed the good will of the Russian people, probably for all time.—[St. Paul Pioneer Press.

It is mock idyllic with the story of California, Arizona and New Mexico. It tells it all, fully illustrated. It tells of industry, of agriculture, of climate and of homes. We enjoyed perusing the Midwinter Number of The Times this year. But had to buck up to singing radio while a strong wind howled at us with the mercury hovering around 20 below, and try to imagine we were in the Naples of the Coast [Bemidji Pioneer, Bemidji, Minn.]

Ivagh's garden parties are much appreciated. There, in friendly surroundings, of course, besides the ubiquitous wounded soldier, you meet many peers, church dignitaries, both Protestant and Catholic, learned judges and county councillors and brilliant writers, the presence of Lavery and McEvoy making one wish that the book could be completed by the author. BUILDING OF CONCRETE SHIPS NEW INDUSTRY.

Awarding of Local Contract is Another Proof of Port's Growth.

BY ARTHUR W. KINNEY.

Industrial Commissioner Los Angeles Chamber of Commerce.

WITH the passing of each hour the demand for ships, ships and still more ships.

The announcement that the Emergency Fleet Corporation of the United States Shipping Board has decided to add to its program the building of concrete ships and has awarded contracts for the construction of ten of these vessels to a local

syndicate is of considerable moment to the industrial future of this region. It is important because of the fact that in no other place in America would the construction of concrete ships be more economical and more practicable than at the Los Angeles metropolitan district. Every requisite necessary to the successful building of concrete vessels is to be found here.

(1.) An ample supply of efficient labor skilled in the handling of cement work of every character.

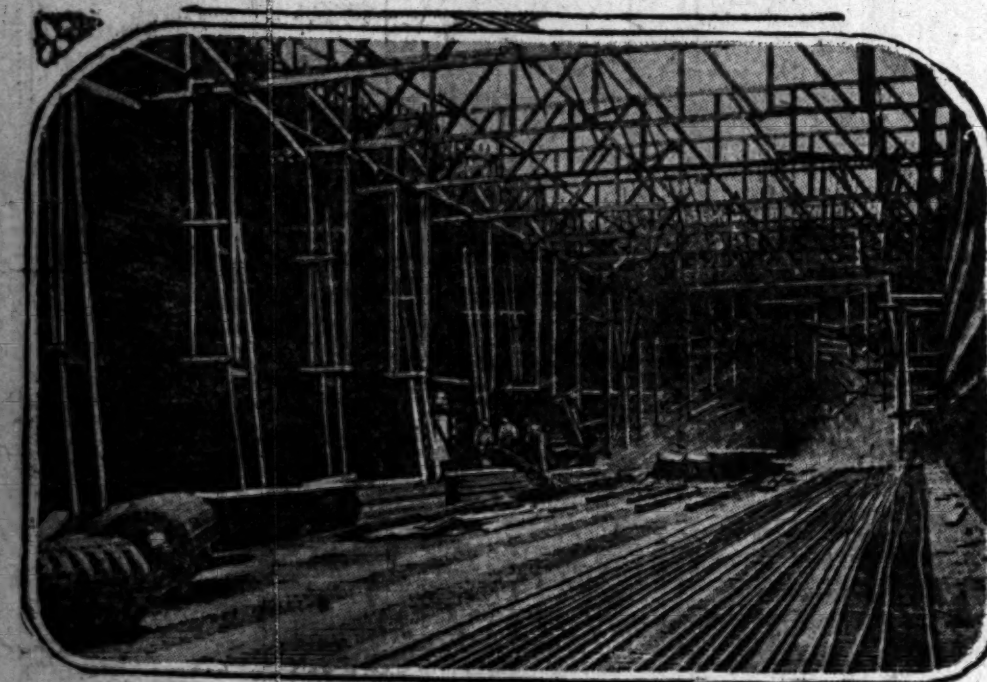

(2.) A climate where construction work can be carried on practically every day in the year and with no extremes of weather to operate deleteriously upon the proper placing and hardening of the cement.

(3.) A constant supply of high-grade cement made possible through the operation of five great cement manufacturing plants within a short radius of this city.

(4.) Unlimited resources of crushed rock and sharp sand within a short distance of the coast.

(5.) The operation here of two large plants manufacturing steel rods and bars; the location here of large wholesale iron and steel concerns carrying considerable stocks of material; the operation here of well equipped foundries and machine shops equipped to handle metal work in any volume. The keels and ribs of concrete ships are of steel and large quantities of wire reinforcing is used.

(6.) A supply of water adequate

Interior of a concrete ship now building at a Pacific port.

This picture, from the Pacific Marine Review, gives some idea of the size of the vessel soon to be launched.

Government Needs Come First

America expects a "hit" from everyone. We should buy Liberty Bonds and War Savings Stamps, and subscribe to the Red Cross.

In addition to these objects, which are of first consideration, there are some forms of investment that are particularly timely just now, and that may even be said to be necessary to the successful prosecution of the war. We refer to—

Loans to Farmers

Food is needed in increased quantities for both Army and Navy, our allies and for home consumption. We make most farm loans, believing that it is both wise and patriotic to do so.

Our Guaranteed First Mortgage Certificates

which earn 5 1/2%, evidence the ownership of First Mortgages on improved, conservatively appraised real estate. They are an ideal war time investment, for they do not fluctuate in value, and both interest and principal are guaranteed to be paid when due. These securities are also non-taxable in California, and are practically worry-proof.

Full and complete details may be had upon request. Write or call.

GOLDSTEIN ON TRIAL TODAY.

Is Aftermath of Showing of "Spirit of '76" Here.

Government Charges Attempt to Hamper the Draft.

Believe New Verdict will Have to be Called in Case.

Involving charges of disloyalty resulting from the exhibition here of the film drama, "The Spirit of '76," Robert Goldstein, the producer of the "Flicker" thriller, will face United States Judge Bledsoe and a jury, this morning.

That the jury may understand just what the pictures were to which the Federal authorities object, the offending portions of the film will be put on exhibition during the taking of the testimony. This will enable the jury to visualize the alleged violation of Section 9, Title 1, of the act of June 15, 1917, and the espionage act; of Section 5, of the act of May 18, 1917, and Article 58, of the Articles of War of the act of August 29, 1917.

The picture, "The Spirit of '76," was seized November 28, 1917, by the local Federal authorities on a complaint sworn out by United States District Attorney O'Connor, during an engagement of the attraction at Cline's Auditorium. It is charged that the picture is an unlawful attempt to cause insubordination, disloyalty and mutiny among American soldiers, and a refusal to perform duty on the part of the army and navy of the United States, by holding up the actions of our ally, England, in the War of the Revolution, to ridicule and public execration.

Goldstein has been in the County Jail ever since his arrest in November. His bond was originally fixed at \$5000, but afterwards, following his indictment, it was increased to \$10,000.

Goldstein will be represented by J. H. Ryckman and Chalm Shapiro. The government will be represented by Assistant United States Attorney Palmer and Leason.

The government has subpoenaed twenty-two witnesses, including Max Roche, the German editor, but no precise has been filed in the office of the clerk of the United States District Court. Witnesses in behalf of the defendant.

When the film was shown in Chicago Goldstein was compelled by the Board of Censors to eliminate the objectionable portions of the film. When it was brought here, a committee headed by Judge Bledsoe, was shown the picture, with a view of determining its loyal spirit, and in that run the objectionable portions were not shown. Federal officials say. But just as soon as the picture was approved by the committee the unpatriotic portions were restored, and they were put on the screen at Cline's, it is charged.

Goldstein is a considerable time will be spent securing a jury, and, although both venues will be on hand, representatives of the government of Judges Trippett and Bledsoe, Federal officials say that it need occasion no surprise if a special venue is necessary before a jury is obtained.

GETS DAMAGE FROM MOTHER-IN-LAW.

JURY FINDS FOR WOMAN WHO CHARGED HUSBAND'S LOVE WAS ALIENATED.

A jury in Judge Monroe's court yesterday vindicated Mrs. Grace F. Johnson, who charged that the affections of her husband, Chester Johnson, had been alienated by her mother-in-law, Mrs. Joseph Johnson, by rendering a verdict of \$4000 in damages in her favor. The foreman, Mrs. E. A. Warner, was the only woman on the jury. A decision was reached within three hours.

Joseph Johnson is a wealthy retired shoe man of Chicago. Both Mr. and Mrs. Johnson denied the charges of their daughter-in-law. The latter, however, by placing the matter in the light of an only son, showed by her evidence that her mother-in-law found fault with her and sided with her son, objecting when she discovered that he had handled coal or planted peas on the ground that he "oughtn't to do that work," insisting on her daughter-in-law scrubbing the stairs and doing laundry work, because she "was used to it."

The suit was for \$50,000. Joseph Scott was the chief counsel for the defendant. Before the jury he roundly scored Chester Johnson, the young husband, as a "lunatic."

URGES GOVERNMENT TO BUY TRACTORS.

ARCHITECT THINKS CALIFORNIA ALONE CAN SUPPORT ALLIED ARMIES.

Harrison Albright, architect of this city, yesterday sent to President Wilson a telegram urging the government to buy tractors. He said that the government should take action similar to that of Canada, and purchase farm tractors to be sold at cost to the farmers. Mr. Albright believes that if 500 farm tractors were thus placed in charge of California farmers, this State alone would be able to produce sufficient food for the armies.

He also calls the attention of President Wilson to the deteriorating action of salt water on concrete, in connection with the proposed construction of concrete ships, and says that more than twenty-five years experience in concrete construction has given him definite knowledge on this line.

In his telegram, Mr. Albright says: "Everywhere government posters say 'Food will win the war,' yet everywhere the want of preparation to raise crops and conserve food is apparent. Today's papers say Henry Ford will sell the Canadian government 1000 tractors, and it, in turn, will sell same to the farmers at cost. European governments are purchasing Ford tractors in great quantities. Yet none are available in America. If half use the craft that will float must be utilized. Our established shipyards, have been giving employment to thousands of riveters and ship carpenters. It now begins to look as if the sturdy mixer of concrete is about to come into his own."

Luncheon With Friends
—Will be greatly enjoyed by all at Hamburger's Cafe Beautiful, Fourth Floor.

Hamburger's Semi-Annual Sale Women's Footwear

—Hundreds of pairs of women's shoes—discontinued lines that were formerly priced dollars more grouped into two great lots at the season's most sensationally low prices.

Boots and Oxfords, \$2.75
—White canvas lace boots; white canvas sport oxfords; white canvas pumps and patent leather button cloth top boots; welt soles and Spanish Cuban heels. A wide assortment of sizes in the lot—\$2.75.

HELD ON TWO COUNTS FOR EMBEZZLEMENT.

Charged on two separate counts with embezzling moneys from the Safe Cabinet Company, Louis C. Lieber, a former employee, was arraigned in \$5000 bail before Justice Brown yesterday. The preliminary hearing was set for March 16.

According to the complaint, Lieber is alleged to have misappropriated \$92.50 from the company on November 26, 1917, and \$35 on December 11.

Do Not Get Careless With Your Blood Supply

Impurities Invite Disease.
You should pay particular heed to any indication that your blood supply is becoming sluggish, or that there is a lessening in its strength and vitality. By keeping your blood purified, your system more easily wards off disease that is ever present, waiting to attack wherever there is an opening.

A few bottles of S. S. S., the great vegetable blood medicine, will revitalize your blood and give you new strength and a healthy, vigorous vitality. Everyone needs it just now to keep the system in perfect condition. Go to your drug store and get a bottle today, and if you need any medical advice, you can obtain it without cost by writing to Medical Director, Swift Specific Co., 25 Swift Laboratory, Atlanta, Ga.

BATHE INTERIOR AND KEEP

Nature has made man all, old and young, to bathe, but he requires that he bathe in a certain way.

We give her no chance with the Lower Intestine, or less clogged with waste. Yet that is a condition today, as is a number of laxative drugs consumed.

You can help Nature in the most effective way by taking a course of treatment with the new medicine, "The Secret of the Bath," which will be prepared in a few days.

As nature demands it, the most effective way to keep the interior of the body clean and free from contagion. Over half a century of experience has proven the results.

Mrs. I. B. Logan of St. Louis writes: "Dear Sir: I have used your medicine, 'The Secret of the Bath,' and I am very glad to say that I have been cured of my chronic constipation. I have been suffering from it for many years, and it has been a great relief to me."

"I have suffered from it for many years, and it has been a great relief to me. I have been cured of my chronic constipation. I have been suffering from it for many years, and it has been a great relief to me."
